It is a great pleasure and privilege to pen it down my personal appreciation to my Alma Mater European Continental University (ECU) of Delaware, USA. In my personal opinion, ECU is a unique university focusing on working professional like us to enhance our professional image at work place and public arena. To earn a degree qualification, you do not need the class room environment, but you must have experience and knowledge to confirm your ability. This is the aim and objective of ECU. This is the main reason for me choose ECU for my highest award of Doctor Philosophy from other state and traditional universities. The vision of ECU is to earn the qualification rather than awarding in a platter. My 24 years Senior Management Position will confirm my eligibility of my achievement.

I joined the Royal Military Police of Kingdom of Bahrain in year of 1980 and became the Commander Royal Military Police 1986 to this date. I have more than 24 years Senior Executive Position in leading the Royal Military and representing the country in many occasions and have met many distinguish guests from many countries as the Commander in charge. I carry out my own Contingency Planning for the entire Royal Military Police Operation of Kingdom of Bahrain. I have many hundreds of sub-ordinates working for the protection Kingdom of Bahrain. I have very good knowledge and experiences in my own profession. I am a heavy reader for knowledge and my firm belief is hand on experience giving better return on productivities.

Based on that belief, I followed my Doctor of Philosophy in Contingency Planning Management with the ECU. I am very proud of my achievement via the ECU. Because of their quality standard of assessment and the vision on Professional Knowledge Qualification, I will recommend without any reservation and recommend the ECU awards to any busy working individuals. Long live the ECU's concept and in my personal opinion ECU stands for Entrepreneurial Coherent University. The ECU is an exceptional institution awarding qualifications for prudent individuals. Therefore, I will always recommend individuals with hand on working experience to obtain these unique qualifications are to enhance the professional status for progressive life. The ECU award is bestowed upon any candidate who can categorically confirm of their experience and knowledge in their major. ECU award only confirm in their certificate of award of the major to ascertain the knowledge of achievement
